August 29, 2011

Dear Valued Customer,

Equistar Chemicals, LP, and Basell Poliolefinas, S. de R.L. de C.V., members of the LyondellBasell group of companies (collectively, "LyondellBasell"), will implement a price increase for all polypropylene products sold in North America, effective September 1, 2011.

The amount of the increase will be equal to the published change in the U.S Gulf Coast propylene monomer price for September 2011 compared to August 2011.

This price increase is separate from and in addition to previously announced price increases. Please note that specialty grades may be subject to a price increase of a different amount.

As always, fulfillment of orders is subject to LyondellBasell's acceptance of each order and its ability to supply product.

We appreciate your business and the confidence you have placed in us as a supplier of your polypropylene needs. Your Account Manager can answer any questions you may have about this price increase.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeffrey K Hodges".

Jeffrey K Hodges
