November 30, 2011

Dear Valued Customer,

Equistar Chemicals, LP, and Basell Poliolefinas, S. de R.L. de C.V., members of the LyondellBasell group of companies (collectively, "LyondellBasell"), will implement a price increase for all polypropylene products sold in North America, effective December 1, 2011.

The amount of the increase will be equal to the published change in the U.S. Gulf Coast propylene monomer price for December 2011 compared to November 2011. Please note that specialty grades may be subject to a price increase of a different amount.

We appreciate your business and the confidence you have placed in us as a supplier of your propylene needs. Your Account Manager can answer any questions you may have about this price increase.

Sincerely,

A handwritten signature in blue ink that reads "Paul Augustowski".
